DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Specification

1. The amendment filed 11/5/2007 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: The frame 50 is not “slidable to one side (figure 8)” “This” is also not disclosed. Rather, “or to one side (figure 8) to provide additional shade at the central zone of the windscreen. This” should be replaced with –The screen is slidable to one side (figure 8) to provide additional shade at the central zone of the windscreen. Shade at the side window may also be achieved...--

Applicant is required to cancel the new matter in the reply to this Office Action.

2. The disclosure is objected to because of the following informalities: Page 4, in the paragraph beginning on line 1 in the insertion of 1/5/2007, “54” is an error for --56--.

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

3. Claim 11 is allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of the office action of 8/3/2007 to Williams and Muyo lack the claimed frame mounted for vertical sliding movement, using instead a panel for this purpose. The patent to Jia lacks the frame for vertical sliding movement.
